ShowbookEZ

FOR EXHIBIT HOUSES & TRADE SHOW COMPANIES

Every client's show. Every deadline.

ShowbookEZ turns each show's exhibitor manual into one checklist your team runs, so no client pays on-site prices for a missed cutoff.

+25–50%

what an order costs when it misses the discount deadline, in a typical contractor manual

One show manual runs 50 to 150 pages.

Discount cutoffs, freight windows and forms are scattered through a dozen order forms.

Multiply that by every client show your team runs this year.

HOW IT WORKS

1

Add the manual

The contractor's PDF, plus venue rules, vendor forms and organizer emails.

2

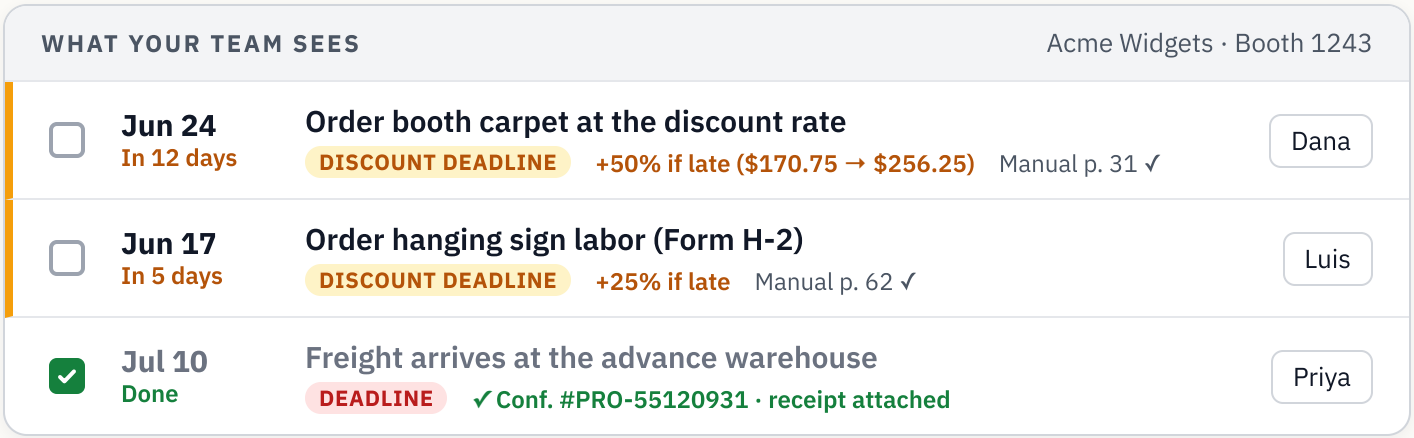

Every deadline found

Each item links to its manual page, so your team confirms it in seconds.

3

Your team runs it

Assign, get reminders, and check off orders with confirmation numbers.

WHAT YOUR TEAM GETS

Built for teams that run shows for clients

Every client show, one list
Upcoming deadlines across every client, plus a Monday summary email.

Nothing slips
Reminders 7 and 2 days out; close calls go to the account manager.

Manual revised? See what changed
Upload the new version to see moved dates, new items and new prices.

Proof on every order
Confirmation numbers, amounts and receipts, and who did what.

Client-ready
Deadline sheets with your company's name; a read-only link per client.

Shipping, handled
Labels with the client's name and booth number; shipments tracked.

Budget vs. actual
Spend by show and by type, and what ordering early saved.

Next year in one click
Copy a show: dates shift; owners and last year's orders come along.

Photo proof for damage claims
Time-stamped photos of every crate, in a claim packet ready to send.

Works on the show floor
On the phone's home screen; saved shows open with no signal.
